PROFESSIONAL SUMMARY

Dedicated WordPress and Web Developer with 2+ years of hands-on experience building responsive websites, full-stack web applications, and cross-platform client systems. Skilled in WordPress (Elementor, WooCommerce, custom themes/plugins, malware removal), React.js, Flutter, and Supabase/PostgreSQL backends. Proven track record of delivering high-performance digital solutions, offline-first POS/ERP software, and conversion-focused web platforms.

TECHNICAL SKILLS

Mobile & Desktop:	Flutter (Riverpod, Offline-First), React Native, Electron.js, Android SDK, Bluetooth ESC/POS Hardware
Web & Frontend:	React.js, JavaScript (ES6+), Dart, TypeScript, HTML5/CSS3, Tailwind CSS, Bootstrap 5, Webflow
Backend & Databases:	Supabase (Postgres, Row-Level Security, Auth PKCE), SQLite, Node.js, Express.js, Firebase, MySQL, REST APIs
CMS & Tooling:	WordPress (Custom Themes/Plugins, WooCommerce), GoHighLevel (GHL), Git/GitHub, Vercel, Security Hardening

WORK EXPERIENCE

Web Designer & Developer (Probation) | **Appsus.io** — 11/2026 – Present | Sylhet, Bangladesh

- Elevated from intern to core developer; architecting and deploying responsive web portals and custom UI systems.
- Implement client frontends using WordPress, Webflow, GoHighLevel, and custom JavaScript to maximize conversion rates.

Web Designer & Developer Intern | **Appsus.io** — 04/2026 – 10/2026 | Sylhet, Bangladesh

- Designed and maintained responsive landing pages and cross-platform UI components across client solution portfolios.

Freelance Software & Web Developer | **Wow Solution & Client Projects** — 01/2024 – 06/2024 | Freelance

- Developed production desktop and mobile systems with local/cloud database synchronization and hardware printing pipelines.
- Delivered customized WordPress/WooCommerce platforms with speed optimization, malware removal, and hardening protocols.

PROJECTS & CLIENT SYSTEMS

Bashir Complex Management System **[Electron, React, Supabase, SQLite]** — Desktop & Web ERP

- Built a bookkeeping ERP tracking 21+ income/expense categories, shop ownership history, bilingual (EN/BN) director portal, and automated monthly Google Drive Excel backups with local SQLite fallback.

Bashir Complex Parking App **[Flutter, SQLite, Supabase, Bluetooth ESC/POS]** — Android POS App

- Engineered an offline-first ticketing app printing 58mm receipts in <10s via Bluetooth thermal printer, featuring background Supabase cloud backup and one-tap PDF income reports.

Household Services Marketplace **[React.js, Tailwind CSS, Supabase]** **[Live Link]**

- Built a full-stack service marketplace connecting users with local professionals (electricians, plumbers, carpenters) using React frontend and Supabase backend.

IndoorXYZ – Turf Booking App **[React Native, Android SDK, JS]** — Mobile Application

- Created a sports turf discovery and slot reservation platform connecting venue owners and players, preventing double bookings via real-time slot verification.

Daily Expense Manager **[Flutter, Riverpod, Supabase RLS, PKCE]** — Personal Finance App

- Developed an Android finance tracker managing daily income/expenses, loans, savings goals, and base64 receipt attachments with Postgres Row-Level Security.

Rapid Edx – E-Learning Platform **[WP, Elementor]** **[Live Link]**
Responsive LMS with course listings, instructor panels & speed optimization.

Ahmad Chiro – Medical Website **[WP, SEO]** **[Live Link]**
Chiropractic clinic portal featuring appointment booking & patient testimonials.

UK Employment Training **[WooCommerce]** **[Live Link]**
E-commerce training platform with secure payment gateway & speed tuning.

Vacation Home – Real Estate Site **[WP, Elementor]** **[Live Link]**
Property rental listing platform with search-friendly architecture & clean UI.

CERTIFICATIONS & PROFESSIONAL TRAINING

Full Stack Web Development (MERN Stack) **[Verify]**
MongoDB, Express.js, React.js, Node.js, RESTful APIs & Authentication

WordPress Malware Removal & Recovery **[Verify]**
Malware detection, file cleanup, server hardening & backup automation

WordPress Theme & Plugin Customization **[Verify]**
PHP, hooks, third-party API integration, clean code & speed optimization

WordPress Theme Development with Projects **[Verify]**
Custom theme development from scratch, responsive UI/UX & SEO standards
